August 2008

Dear Wind Energy Professional,

FROM BTM CONSULT — The Premier forecasters of the international wind industry — are now publishing their second Supply Chain Assessment analyzing the raw material and main component supplies situation in one of the worlds fastest growing industries.

**BTM Consult
" SUPPLY CHAIN ASSESSMENT 2008-2012"
AUGUST 2008**

We accept your orders now.

The New appr. 75 pages report containing more than 40 tables and graphs analyzes the constraint in the main component supplies in one of the worlds fastest growing industries. The report analyzes the present and future MW capacity among app. 200 of the leading suppliers of casting, forged steel, blades, gearboxes, generators, converters etc. The suppliers are located in Europe, North America and Asia.

At this time, the manufacturers of main components are stretching their limits to increase the production capacities several places around the world; is it enough to balance the increasing demand for wind turbines throughout the world? However, and if to balance the increasing demand, when will that take place?

The price for the report including a CD Rom for PP Presentation with selected tables and graphics is **€ 600,00 or US\$ 900,00** incl. postage. (Courier service available at extra charge).

Corporate license on the CD (For Company Intranet Use only) **€ 2,200.00 or US\$ 3,300.00.**

Quantity discount are available for the purchase of:

2-5 copies: 10 % discount on all copies and >5 copies: 20 % discount on all copies

To order the report, simply fill in the order form at the bottom of this page and return by fax to **+45 97 32 55 93** or e-mail the order to pk@btm.dk or btm@btm.dk

Delivery will take place immediately when released which is scheduled for August 22nd 2008.

Sincerely
Per Krogsgaard
