Preface	iii
Executive summary	v
1. Wind power market status at end 2005	1
1.1 Market forecast up to 2010.....	2
1.2 Comments on the forecast.....	2
2. Wind Turbine suppliers: status and capacities	5
2.1 Actual capacity in 2005 and estimate for 2006.....	5
2.2 Backlog by manufacturer as of mid 2006 (estimate).....	5
2.3 Estimate for the supply side development 2005-06.....	6
3. The wind power market: political and industrial developments	7
3.1 Geopolitical development in 2006.....	7
3.2 Market supply at end 2006.....	7
3.3 Consolidation in the wind industry.....	10
4. The wind power industry supply chain	11
4.1 Blades.....	13
4.2 Gearboxes.....	16
4.3 Electric generators.....	21
4.4 Large bearings.....	21
4.5 Cast iron & forged components.....	22
4.6 Towers.....	23
4.7 Selected Raw materials.....	24
4.8 Summary of the Key-component supply situation.....	25
5. Strategic change of sourcing patterns	29
6. Conclusions	31
Appendices	33
A: Wind turbine in the market 2005-06.....	33
