October 2005

Dear Sirs,

From BTM Consult ApS is now available the report

10 Years Review of the Wind Power Industry “Forecast and scenarios 2005 – 2025”

It is a report which focus on the wind industry consolidation over the years and it brings the latest forecast and scenarios all the way through year 2025. The report looks back and discuss on how well BTM Consult has performed in making the forecasts and scenarios since the beginning of this exercise in the BTM Consult reports.

It is for the readers a golden opportunity to learn how the wind power industry has evolved and even more importantly to look into the future of this immense growing industry.

This review edition of the industry report has more than a 100 pages and contains more than 80 tables and graphs showing the development in one of the worlds fastest growing industries.

There are two special topics in the report

From Wind Turbines To Power Plants Size segmentation of the wind turbines
